I, Gokhan Mutlu, being sworn, depose and say;

- 1) I am the plaintiff in this action. I am over eighteen (18) years of age and reside in New York, New York.
- 2) I have been in Turkey since early March of 2009 until the present, and I did not receive word of the Court's dismissal of my case until it was too late to file a Notice of Appeal.
- 3) I am currently in the city of Istanbul. My father is very ill and I have been caring for him here in Turkey. I was originally supposed to be back in New York around April 7, 2009. However, due to my father's deteriorating health condition, I have had to remain here. I currently expect to return to New York in June.
- 4) I respectfully request that the Court grant my application to extend my time to file a Notice of Appeal and ask for the Court's sympathy in my predicament.
